The Mason LINE

by Cham Mason

Here we are, just returned from a quail hunting trip to Mexico, and deadline smack onto us. We have so minny, minny things to do and so little time to do them we're going to lift in their entirety a few precepts to longer and more enjoyable living which were published recently in The Masonic News of Montreal, Canada.

"Learn to like what doesn't cost much.

"Learn to like reading, conversation, music.

"Learn to like plain food, plain service, plain cooking.

"Learn to like fields, trees, woods, brooks, fishing, rowing, hiking.

"Learn to like people, even though some of them may be as different from you as a Chinese.

"Learn to like to work, and enjoy the satisfaction of doing your job as well as it can be done.

"Learn to like the songs of the birds, the companionship of dogs, and the laughter and gaiety of children.

"Learn to like gardening, carpentering, puttering around the house, the lawn and the automobile.

"Learn to keep your wants simple. Refuse to be owned and anchored by things and opinions of others."

Swimming Pool Benefit at St. John Of the Cross Auditorium

The Parent's Guild at St. John of the Cross will have a bake sale after all the Masses on Sunday, February 20, in the church auditorium. Ladies of the parish have been asked to donate baked goods, jelly, jam, pickles, etc.

The Parent's Guild is one of more than 25 separate organizations comprising the Swimming Pool Association whose combined efforts have raised over $3,100 in less than a year, and whose immediate goal is $10,000 so a site for the pool may be purchased.

March of Dimes Totals to Be Given Next Week

The March of Dimes fund topped $3000.00 this week as reports continued to come in.

"We are certainly going to top the $5000.00 record of last year," chairman Henry Goldy said, as his Valentine dance racked up about $300.00 for the drive.

"We are going to list every group and organization which has been able to contribute to the fund," he said. This total will be listed in next week's Review.

Yet to come are the receipts of a banquet given Wednesday night at Pal's Cafe by Ted Fetters. The Marines who made the march to Los Angeles, who are also part of the forces making the retreat from Chosin Reservoir in Korea, will be guests of honor.

Bruce Harms, treasurer of the drive, said that receipts were higher at this stage of the drive, that they were last year.

C OF C TO BE GUESTS AT MEN'S CLUB

The Lemon Grove Men's Club will be host to a committee of the Lemon Grove Chamber of Commerce Friday, chairman protem Frenchy Faucher, Lemon Grove postmaster, said.

"We want to see if there are mutual problems which can be worked out for the betterment of our community," Faucher said. "One of the problems of the chamber, I feel, is a need for a full-time paid secretary-manager."

John Dail reported that a "New England-type meeting" had been held at the Congregational Church last week and about 250 members of the church voted overwhelmingly in favor of that church continuing to take part in civic matters. "It was an overwhelming vote of confidence for Rev. Dan Apra and Rev. Bruno Peuschel," he said.

Charles Serr announced at the meeting that he had sold his interest in Jim's U-Rent It to his brother Robert.

Every man in the community is invited to join in the Friday luncheon meetings which are held at Michael's at noon.

Speech Difficulties Aided at Grove Schools

Fifth grade student Zoeann Schnell, 8323½ Imperial Ave., works earnestly with speech correctionist Genevieve Oliphant at Golden Avenue School. Stuttering, stammering and lisping often dissolve under the careful guidance of the speech specialist.

Volunteers Named for Heart Fund Drive

A list of workers for the Lemon Grove area Heart Fund drive has been named by W. Earl Smart, area chairman.

Ted Skelley, manager of the Highlanders, has been named to head businessmen's solicitations; Phil Bartlett, vicar, Episcopal Church and Dr. Frank McKenney have been named Skelley's assistants. Mrs. Stephen Westover is co-chairman.

Dr. Harry Sorterberg, Spring Valley dentist, is in charge of publicity. Mrs. Paul Shipps is chairman of plastic hearts collections, representing and co-ordinating the Woman's Club. Mrs. Mary Serr is co-chairman.

Mrs. Ann Vogel is co-chairman, coordinating the ladies of the Eastern Star. Bruce Harms, officer of the First National Bank, has been named treasurer.

Dr. Sorterberg said that anyone could send their contributions directly to Bruce Harms, treasurer c/o the First National Bank in Lemon Grove and the amount would be credited to the fund.

"If everyone would put just 50c in an envelope and mail it in to the Heart Fund Drive, our $900 goal could be reached," Dr. Sorterberg said.

"Heart trouble is a respecter of no one," Smart said. "Your contribution may some day serve you personally," he pointed out.

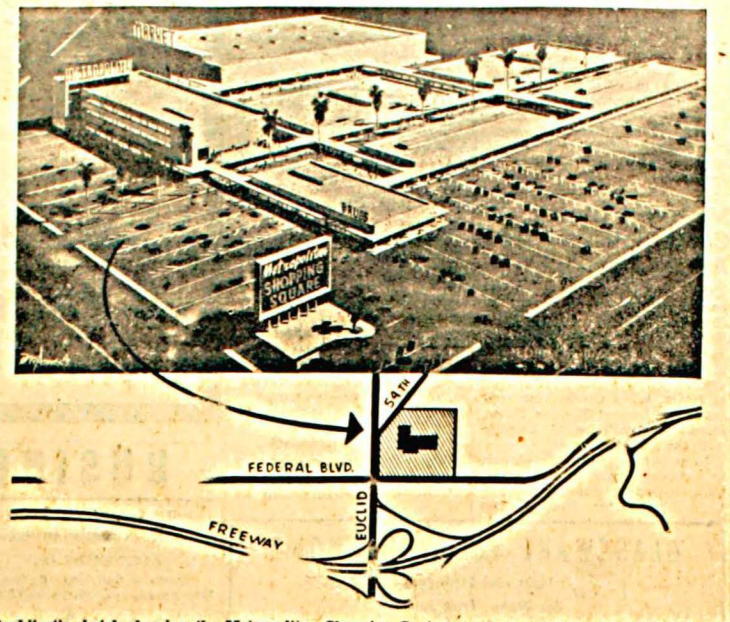
HERE'S A PICTURE OF PROPOSED SHOPPING CENTER



Architect's sketch showing the Metropolitan Shopping Center now being built at Federal Blvd. and Euclid Ave., in San Diego. Largest in the city and county, it will cover 40 acres, contain 40 to 50 shops and stores and have area for the parking of 2000 automobiles. The picture also shows location of the center in relation to the new east-west freeway from downtown San Diego.

A similar shopping center has been planned by another group — this site being at College near Broadway, on the west edge of Lemon Grove.

Development of the "Metropolitan Shopping Center" two miles west of Lemon Grove at the corner of Euclid Ave. and Federal Blvd. that will eventually involve an investment of five million dollars is now underway. It is said to be the largest in the city.

Four million cubic yards of dirt are in the process of being moved preparatory to construction and applications are now being accepted from prospective tenants.

The site, centrally located in a growing section of East San Diego, spreads over 40 acres where more than 50 shops and stores are planned, according to Chris Coleman, San Diego realtor and member of the syndicate which purchased the property.

Plans call for seven buildings to house a supermarket, a three-story department store, drug store, a variety shop, several shoe and dress shops, furniture store, a bank, a sports-goods store, a hardware store and parking area for 2000 cars.

One of the attractions of the new shopping center is that the property will be accessible from the new east-west freeway that will link downtown San Diego with its eastern sections and suburbs.

Coleman reports that many tenants have already been selected and that applications of others are being considered. Two offices are handling the lease arrangements, Coleman in San Diego and S. H. Price, Los Angeles broker and one one of the project's associates.

SCHOOL BUILDING COSTS GETTTING LOWER

George Riha was successful bidder on the proposed George Washington Carver School which is located south of University and east of 54th Street beyond the western limits of Lemon Grove. It was underbid by some $80,000 the estimated cost of $415,000, which George Geyer, assistant superintendent of schools of San Diego, said had been originally estimated. Geyer said the per foot cost would be approximately $9.75.

The school will be located on a plateau 25 feet above street level which necessitates a 10 foot wire fence around the high side of the plant to keep the kiddies from falling.

A 1,400 foot dam 15 feet high, will be built along one side to protect the youngsters from a reservoir which is adjacent the property. A 60 foot road meeting city specifications will also be built and dedicated to the city, Geyer said.

These extras, school experts pointed out, amount to $55-60,000. Without them the cost would have scaled down to $8.75-$9 a square foot.

The school will consist of 12 classrooms, two kindergarten rooms, a multi-purpose room, a cafetorium and two conference rooms. Herluf Brydegaard was the architect.

GROVE YOUTH TO GET RREAK WITH 'STARLIGHT'

The beginning of a real-life dream for a Helix High School junior has at last become real and the ambition for a career on the stage as a vocalist is within reach.

Out of the 112 men and women who tried out for a part in the San Diego Starlight Opera, 40 of the newcomers won places in the musical troupe. Among those 40 was Arvis Reed, son of Mr. and Mrs. L. F. Reed, 7943 Lansing Dr., Monterey Heights, who was asked to join the group on a tentative basis. It has been the dream of Arvis to step ahead in the singing world and he has done just that, but not before he paced the floor with anxiety. You see, he had to face a four-man jury whose task it was to decide on 40 people to help the veteran singers carry on another successful season. But Arvis came home with the good news and heard his parents exclaim "very wonderful."

As far back as the eighth grade at Lemon Grove Junior High, Arvis' deep bass voice could be heard in a boys' quartet. The Helix High choir offered valuable experience to Arvis, as did his voice teacher for the past three years, Mr. Frederick Flannigan of La Mesa, who always thought Arvis should try out for light opera as he had come along very well and was ready for the big jump.

Following a few years in the Air Force, Arvis would like to mix a career of test piloting and singing in operas. Lemon Grove's young singer can soon be seen in "The Mikado," the star-light opera's first selection of the season. Other operas they will perform will be "Brigadoon," "Kiss Me Kate," "Song of Norway," "South Pacific," and "Wonderful Town."

SCHOOL BOARD HEARS CITIZEN'S GROUP REPORT

The Lemon Grove School Board heard the report and recommendation of the Citizen's Committee on School Costs Monday night.

This report was prepared by a five man committee on schools, headed by Harry Griffen. It was read by Dr. Frank Gigliotti. It recommended that two classrooms be added to the Vista La Mesa School to serve the area north of the new freeway. The committee recommended that two or three acres be acquired at the rear of the San Miguel School and increase the capacity there to 850 pupils. Monterey Heights and Golden Avenue School sites appeared to be built to capacity, the committee said.

The committee also recommended that the board withdraw its action on the West property and expand the Junior High School on Lincoln to accommodate 1500 pupils by using the present athletic field for buildings. They suggested that a portion of Pearce Subdivision could be acquired as auxiliary field and that a pedestrian overpass be built over Lincoln Street to the Lemon Grove School to connect the playground.

The committee agreed that the school board should acquire two additional elementary school sites. Property on Madera Street and Emily Morse property were recommended. The school board instructed its architect and superintendent to check the farm land owned by Harry Griffen at the end of Alton Drive as a possible school site.

WORLD DAY OF PRAYER TO BE HELD FEBUARY 25

The annual observance of the World Day of Prayer, sponsored by the General Department of United Church Women, will be held for the Spring Valley, Lemon Grove, Casa de Oro and La Pressa area in the First Baptist Church of Spring Valley, 8758 Troy St., Spring Valley, on Friday, February 25 at 10 a.m. The program will be carried out by representatives of the churches in the area and is open to all.

For centuries women have prayed individually for peace. Now women pray for peace in a world fellowship encircling the globe through the annual World Day of Prayer. From the time the sun rises above the Tonga Islands on the First Friday in Lent until it sets over Alaska 24 hours later, devout women around the world conduct special services asking for world peace and a better world for themselves and their children. This year marks its 68th anniversary.

Last year the World Day of Prayer was observed in more than 20,000 U. S. communities and in 128 countries around the world. At that time more than 200 radio stations in the U. S. used the special "Prayer for the Day" to open and close their broadcasting time, and 20 governors and more than 100 mayors issued official proclamations calling on their citizens to observe the day.

Offerings given at World Day of Prayer services in the United States traditionally are used to support interdenominational home and foreign mission projects.

The Dimmer VIEW

by Max Goodwin

I've helped celebrate everything from National Pussywillow Week to a statewide week set aside for eating three gallons of olives, and all of these I've done with a lack of frenzy and enthusiasm that may lead my small band of readers to believe that I just didn't have my editorial eye as sharply focused on these events as I could.

Recently, when Harry Green, general manager of the John Scripps newspaper chain, asked me and other publishers around the county to take cognizance of this week, it being Advertising Recognition Week, it was like asking us to become aware of the financial lifeblood that flows through the inky veins of every newspaper. This lifeblood, in varying quantities, is a continuing stream by which most every publication lives, but I hesitated to join with the big boys in setting aside this week for fear of bleeding all over my subscribers.

I figured that everybody knows advertising tells customers where to find new and better products. It also reiterates a story concerning nationally accepted products, and keeps consumers, like you and me, continuingly aware of the merits of that product.

I couldn't see how Advertising Recognition Week affected us until I recalled that a local firm, the Lemon Grove Lumber Company, last month had gained a national award by being listed number 17 in its classification in doing the best job of advertising nationally known products. The award was made by the National Brands Names Foundation in New York.

The lumber firm's proprietor, Stephen Westover, wrote the series of advertisements, and that certainly made it local news. These advertisements were run exclusively in the Lemon Grove Review, and that made it both local and personal as far as I am concerned. It isn't often that the ads printed in community newspapers attract attention beyond the confines of the circulation area they serve.

When we discover that a Lemon Grove firm has attracted nationwide attention to our community through the medium of our advertising columns, it reaffirms our faith in the old tried-and-true process of getting the word to the most people by the fastest and the least expensive method yet devised—newspapers!

Thus we hail Advertising Recognition Week with pride for our local winner and reach for a band-aid to stem the feeble flow of gore where our lifeblood showed through.

EXPERT TO SPEAK ON ORGANIC FOOD

Pamela Brenton, nationally known lecturer and dietician, of Fresno, will address members and guests of the San Diego Organic Health Foundation Thursday, at 8 p.m., at the House of Hospitality, Balboa Park. She will speak on "The Fountain of Youth is Balance."

NEW ATTORNEY FOR GROVE

Lemon Grove has another member in the local professional fraternity. Kenneth A. Barwick, attorney at law, has taken up offices at 7880 Broadway.

He received his B.A. and L.L.B. at UCLA.

He is a Chi Psi Phil Dela Phi.

Barwick served with the A.A.F. in WW II and contracted polio while in the Philippines. He chose Lemon Grove to escape the smog and is building a home in Spring Valley.

"I heard that Lemon Grove had the best climate on earth, that the area was expanding, and that appealed to me," Barwick said. "I preferred a small community where I could grow with it, and get to know people in the community. I think I have found it."

It's a Joke, Son! . . . People can be placed into three classes: The few who make things happen; the many who watch things happen; and the overwhelming majority who have no idea what has happened.

GIRL SCOUT PLANNING BOARD MEETING DATES GIVEN

Girl Scout Troop 70, of Lemon Grove, held a Planning Board meeting February 5 at Mrs. A. H. Rehberger's home, 8118 Baldwin Road.

The Planning Board meeting will be held the last Saturday of each month, starting on February 26.

Grove School Has Reps at Teen-Age Traffic Council

Lemon Grove Junior High School was represented at both committee meetings and the general meeting last week of the Teen-Age Traffic Safety Council of San Diego County and City. John O'Connor and George Mathews, eighth grade students, attended these planning meetings for the Second Annual Conference to be held this spring, along with Richard Haynes, boys' counselor at the junior high. The group is made up of students from city and county high schools and junior highs.

Lemon Grove representatives hope to take an active part in the conference, and at the same time they plan to train future leaders for the council. Sponsored by city and county schools, it is organized in co-operation with the S. C. Automobile Club, Insurance Agents Association, County Traffic Safety Council, Police Department, and many other groups concerned with traffic safety.

Methodist Church Circle Ruth to Hold Annual Fashion Show

One of the highlights of the year for the Woman's Society of Christian Service of La Mesa Methodist Church will be staged in the American Legion Hall, 8118 University Ave., on February 22 (Washington's birthday) at 1 p.m. when Circle Ruth will feature a Dessert Fashion Show. Decorations will be in keeping with the holiday theme.

Nine women from the church will model many styles for all ages, including morning, afternoon and "after five" clothes from Marsi's Dress Shop in Lemon Grove, under the supervision of Mrs. Sidney R. Silverman, with Mrs. George Cremer, narrator and Mrs. Dale Reeser furnishing background music at the piano.

A choice of an assortment of delicious home baked desserts will be offered each guest and a 75c donation will be accepted for this delightful social occasion. Reservations may be made by phoning Mrs. Kennard Johnson, HO 9-5481 or Mrs. Emlyn Owens, HO 6-2412.

One thing I like about show business is that people are judged on the basis of their ability, not because of their race, color or creed. And that's the way it should be in every walk of life.

Eagles have contributed over $9500.00 in the past five years, according to Cornish.

GROVE OPTOMETRIST TO ATTEND CONVENTION

Dr. and Mrs. Calvin Nicholl of Lemon Grove have registered and will attend the Golden Anniversary Convention of the California Optometric Association in Fresno, February 19 through 22.

The four-day conclave will headquarter in the new Hacienda Motel, the largest such establishment in the nation. More than 500 members of the COA and the Women's Auxiliary are expected to attend, according to Carl Kallman, O.D., general chairman of the convention.

The large exhibit hall will be full of outstanding displays for the education of the optometrists attending. A special feature of the display area will be the two large sections which will be devoted to continuing demonstrations on fitting contact lenses, tests for binocular vision, the use of the Tachistoscope, and other graphic visual exhibits and demonstrations.

!THE SHOW'S THE THING!

Paramount's "Sabrina" is the feature attraction at the Grove Theatre tonight through Saturday, and this is the kind of entertainment movies are for, complete with a "Cinderella" type plot.

"Sabrinia" is the shortened title of "Sabrina Fair," the stage success by Samuel Taylor, and its locale is famous Long Island, New York City. The all-star cast consists of Academy Award-Winning Audrey Hepburn, whose performance here makes her work in "Roman Holiday" look like practice. The male side features Humphrey Bogart and William Holden, each an Academy Award winner, with Walter Hampden and John Williams rounding out the supporting roles. The story is about Bogart and Holden, wealthy brothers, who have a fabulous estate on Long Island where Audrey Hepburn, daughter of the family chauffeur, lives. When she returns from Europe, laden with continental glamor, her charm and beauty dazzle the brothers and they vie to win her hand. It wouldn't be quite fair to tell you who wins our dazzling miss, save to hint you'll be pleasantly surprised.

The companion feature with "Sabrina" is "The Bounty Hunter," a Warner Bros. production. The picture stars reliable Randolph Scott, newcomer Delores Dorn and sultry Marie Windsor and is classified as an above-average actioner, in color too. "The Bounty Hunter" is a western with a few new twists and a whodunit approach in the plot. Scott arrives in a town to track down three train robbers and finally solves the case through psychology and simple deduction. The main feature for Saturday's matinee is "War of the Wildcats" starring John Wayne.

"Saratoga Trunk," starring Gary Cooper and Ingrid Bergman, and "Roogie's Bump," a baseball story featuring Robert Marriot are the films being shown Sunday-Tuesday at the Grove Theatre—B. T.

WATER LINES TO GET ALARM SYSTEM

Any interruption in the flow of water through the San Diego aqueduct bringing water from the Colorado River to this county now will be detected through an alarm system authorized by the board of the San Diego County Water Authority.

The alarm, a tele-metering device, will be installed in the water line between the aqueduct at the El Monte pumping station of the local water works.

The equipment will be installed by the Water Authority and will be operated by the Irrigation District. An automatic signal of any interruption of service will be transmitted to the Water Authority's control station at Escondido.

The installation results from the break in the aqueduct in December. The break was undetected for some hours and a large volume of water was lost before the flow could be shut off.

Water Pipes Getting 'Innards' Relined

They're giving a new lease on life to the tired old water pipes in Lemon Grove, and elsewhere in the water district. A $39,659 project by which water mains on Golden Avenue and on Bancroft in Grossmont are getting new, concrete interiors.

Each winter during low use period this work is carried on where old steel water lines have become so old and corroded they would have to be taken out of service in the absence of the cleaning and concrete lining process. This process is expected to give the lines an additional 20 years of life, and cost only a fraction of what it would cost to replace the lines, M. J. Shelton, chief engineer of the district, said.

In the Grossmont line, which is an 18 inch outer diameter line, the work is done by manually taking a machine through the pipe. This machine throws concrete by centrifical force, creating the concrete lining. Before the lining is done, the pipe is completely cleaned, all tree roots or other impediments removed, and every water service from the line is plugged from the inside. After the work is completed, the irrigation district makes a manual inspection. George Edwards, junior engineer, went through this particular pipe and made the inspection. The pipe is cut every 500 feet to gain entrance.

In the case of the Lemon Grove line, which is a 12 inch pipe, the process is done by a machine without an individual going through the pipe, and all water services must be cut off by digging down to the pipe and making the cut-off from the outside.

Results of the work will be renewed life of the pipe, materially increase the water capacity of the pipe, and provide cleaner water in the areas served.

Potluck Planned for Cub Pack 399

Monterey Heights Cub Pack 399 is planning a potluck dinner to be held February 22 at the Monterey Heights School for the dual purpose of celebrating the 45th anniversary of the Boy Scouts and to acquaint the parents with their pack leaders. The pack's sponsor, the Northwest Exchange Club, helped celebrate the 45th anniversary by having Cub Scout John Trahan, 7931 Barton Dr., Monterey Heights, as their dinner guest Thursday. He extended his thanks to the club for making it possible for him to be in the cubbing program through their sponsorship.

A Valentine theme was used to decorate the hall and tables by the committee which included Bea and Blake Adams, Frank and LaBelle Fischl, Frank and Anne Foster, Vern and Jo McAtee, and Jim and Oneida Hutton. Food chairman was Juanita Close with George and June Yoshonis assisting.

Dinner music was played by Jim Blanc. Roy Close was assisted in calling for the 11 squares by caller-members George Yoshonis, Bea Adams and Juan Frank. Congratulations were offered to new members Winnie and Boyd Miller and Edie Lowney and Frank Wilkes. Guests included Blanche and Jim Murphy, Bill and Angie Robinson, Larry and Mary Archer, Carl Harpster, Carl and Arline Priest and Sylvia and Henry Wilson from Holtville.

It's Girl Scout Cookie Time Again

It is Girl Scout cookie time again! From now through February 23, 16,500 girls in San Diego City and County will sell more than 350,000 boxes of their special cookies this year. Two varieties are available to customers for the first time, the popular shortbread type and the sugar filled wafer. Girl Scouts will urge customers to try two boxes—one of each kind—for one dollar.

Last year cookie funds built a new kitchen for Brownie Camp and a new filter system for the camp swimming pool. Sixteen hundred girls attended the three established camps last summer. Many troops used the camps throughout the year.

The opportunity to practice brotherhood presents itself every time you meet a human being.

Speech Correctionist

Continued from Front page

A full-time speech correctionist is employed this year by the Lemon Grove School District. Mrs. Genevieve Oliphant, credentialed correctionist, employs her specialized knowledge daily in working with children in the elementary and junior high school in correcting speech difficulties. In this way the pupils who otherwise might be handicapped in later years with stammering, stuttering, lisping and other speech troubles are aided in overcoming the difficulties.

Referred to Mrs. Oliphant by both parents and teachers, the students work willingly with her, taking special oral exercises for correction. In the elementary schools here, figures at the close of the first semester show 21 children with severe speech defects, 180 with moderate defects, and 88 with mild defects, a total of 289. Most of these pupils will have been helped and greatly improved during Mrs. Oliphant's program.

Frances Yeend

The next concert to be presented by Grossmont Community Concert Association will bring Frances Yeend, "the nation's number one symphonic soloist," to Grossmont Auditorium on February 21 at 8:15 p.m.

With a record thus far of more than 150 appearances in all the great oratorios and vocal symphonies, and a reputation as the first choice of America's foremost conductors, Frances Yeend occupies an unchallenged position as "the most gifted lyric soprano of our day," as she was recently described by a music critic.

DANCIN' DUDES NOW DANCE IN LA MESA

The Dancin' Dudes will begin dancing in the American Legion Hall, 8118 University Ave., La Mesa, on Tuesday, February 22. They will dance there every Tuesday except the second Tuesday. That week they will dance on Wednesday. Guests are always welcome so bring all your friends and treat yourself to an evening of square dancing.

Ann Edwards was appointed as secretary to replace Frances Neises, who resigned.

The Valentine party February 11 went over with a bang. We had members of Pete's class, who are graduating soon, as guests. They are doing very fine and we are looking forward to dancing with them. We hope they will all join the Dancin' Dudes.

On Tuesday, March 1, we are having a graduation party for Pete's class. There will be live music and refreshments. We hope to see all our members and friends there.

Grove P-TA Exec. Board Scans Committee Reports

The Lemon Grove School P-TA executive board met at the home of Mrs. Bert Cosby, 8277 Golden Ave., last week to complete Founder's Day plans and hear reports from many committees now active in the unit. Ben I. Schei, principal, described the new service club being formed at the school with the cooperation of the local Kiwanis. Students selected for membership by faculty and student council will rank high in both citizenship and scholarship and show outstanding leadership characteristics.

Merlin Gale, parliamentarian, read proposed by laws changes as drawn up by his committee and received board approval on the proposed changes. They will be voted on at the March meeting. Reports were also received from the Grossmont Citizens Advisory Committee representative, Jack C. Wilson, the swimming pool committee, and ways and means.

Mrs. Vernon Linden, president of the Music Parents Club, urged attendance of parents at the county instrumental music festival on March 11 and 12 at Hoover High School and the county vocal music festival on March 17 and 18 at Russ Auditorium.

Board members present included Mmes. John Dail, Vernon Linden, John Cornelius, K. R. Trail, George Kenworthy, Harold Randall, George Mayo, Frank Vaught, Robert Beckham, Herman Bryant, Charles Whalen, Billie Burkes, Leona Hardy, and Peg Darroch. Also attending were Ben I. Schei, Tom Brogan, Jack Lemmer, Jack Wilson, and Miss Laura Becker.

Admission is free, but the women of the Congregational Church will receive 50 cents per person from the soap company. Get your free tickets from Young Mrs. or Ladies' Aid at the door.

STATE SEEKING YOUNG BIOLOGISTS FOR FISH STUDIES

The State Department of Fish and Game wants to take on a number of college graduates in biological science for its continuing scientific studies of fish population and propagation.

The job classification is Junior Aquatic Biologist. It pays $310 to $376 a month. Field positions, most of them requiring considerable traveling, exist in both the inland fisheries and marine fisheries branches.

Applications are being accepted by the State Personnel Board in Sacramento, San Francisco and Los Angeles. A qualifying examination, which will be held at various points convenient to the candidates, will be held. College graduation with a major in biological sciences is required, but seniors may take the examination in anticipation of getting their degree.

The opportunity is open to both California applicants and those from other states.

More than 1,350 San Diego County children suffer from diseases of the heart and blood vessels.

Ida May Anderson, supervisor art education branch, Los Angeles city schools, and Philip Corrin, vice president, Bullock's Inc., view some of the more than 6000 works of student art entered in the current Scholastic Art Awards contest. Regional awards will be made February 19. On the same day, an exhibit of winning entries opens in Los Angeles at Bullock's Downtown, regional co-sponsor of the contest with Scholastic Magazine.

TEEN-AGERS MATCH SLACKS TO MARK STEADY-STATUS

There's something new in local teen-age circles . . . and it comes in eight crazy colors.

Dickies Steadies, made by a well known manufacturer of washable sports slacks, now come with a package of Rit dye in a choice of colors.

Young couples may max or mitch, beg pardon, we mean mix or match the color of their ensembles depending on whether or not they are going steady. Matching colors will signal a steady-status. When the couple "breaks-up" they merely get another package of Rit and match up with the new date.

In the above photo are Gar Eikam, 4718 Lenor Dr., and Naomi Goyne, 4759 Dana St., both Helix students. They are modeling Steadies in Kelly green and fuchsia. Other colors are chartreuse, yellow, coral, scarlet and peacock blue.

The slacks come in "peg" styles for both girls and boys. They are carried in Lemon Grove by Lane's, Inc.

Frances Tubbs Installed as President of Fire Auxiliary

The Women's Auxiliary of the Lemon Grove Fire Department met recently in the home of Mrs. Nenette White for their annual installation meeting. New officers installed were Mrs. Frances Tubbs, president; Mrs. Lorene Dixon, vice-president; Mrs. Fay Walsh, secretary; and Mrs. Nenette White, treasurer. Mrs. Elizabeth Parsons was reappointed auxiliary historian.

Pot-luck refreshments in a Valentine motif were served.

MRS. MILBRODT WINS A CLEANING JOB IN LOCAL CONTEST

Mrs. Clarence Milbrodt, 2385 Bonita, is sporting a spray of lilacs and a gift certificate from Tops Cleaners, for being the first person to say "Lilac Time" to Mrs. Ralph Richardson, last Friday when she appeared in Lemon Grove in her lilac car. This week it will be Friday again, from 9:30 a.m. to 11 a.m. Keep your eyes open, you may win the gift this week.

The gifts from the local merchants for Lilac Times door prizes and raffle are truly wonderful this year, make sure you have a reservation for one of the two showings. Reservations may be made by calling Mrs. E. C. Kranch, HO 6-2012 or purchasing a ticket from any member of the Juniors.

COURT ORDER ISSUED RESTRAINING UNION IN LOCAL CAFE CASE

A court order restraining local 325, American Federation of Musicians, from interfering with the contract between Alice Wallace, an organist at Michael's, and the restaurant, was issued last week by Superior Court Judge L. N. Turrentine.

The union had attempted to place the restaurant on an "unfair" list unless Henry Goldy, the proprietor, agreed to require groups or clubs giving affairs to hire union musicians.

Goldy said that he had no control over such activities . . . that groups, in his place of business, as well as in all others, have been able to hire whomever they wanted to supply the music.

It would make every club a partner to a union contract, Goldy said.

Spring-time Is Lamb-time At MAYFAIR

Mrs. Dave Johnson, 3609 Nassau St., whose husband is a Marine, often brings her daughter Robin, 3, to Mayfair to shop. "Psychologically, the store is built and arranged right for ease of shopping," she opines. "There is nothing harder than trying to shop at a place where the layout is poor." Mrs. Johnson is a secretary at State College.

Mrs. Emory Hogan, 4670 Lee St., is the wife of the owner of Rancher's Feed Store in Lemon Grove. "We appreciate the cleanliness of Mayfair Market," said she. "We're busy people and convenience counts a lot with us. That's why most of our purchases are made at Mayfair."

The couple has two youngsters, Barbara 16, and Patricia, 18.

To many of us, it's spring again when succulent spring lamb reaches the market.

Your Mayfair Markets, shopping the lamb raising ranges, has had it's eye on this season for many weeks. The choicest flocks were chosen from and processed. Then the very best protein-rich spring lamb, dressed for your selection has been packaged.

Because we started this project early, not only was the selection best, but the price was favorable too These advantages are passed on to our customers.

That's why, this week, in our Mayfair Markets you'll see displays of yummy mint jelly that goes so well with spring lamb. Of course, you'll be enjoying a wide selection of spring lamb, too. As usual, you'll be getting more for your money at Mayfair.

Mrs. Harry Haas, 8228 San Vicente St. in San Diego, whose husband is on the San Diego police force, chooses Mayfair for its "interesting displays of groceries, and its prices.

"We have only one child, Dianna Kaye, 3, but it takes a lot of shopping for the family. Mayfair prices are popular with us, too," she said.

Helen and Donald Martin, and their two youngsters, live at 1731 El Dora St. Donald is a crane operator. Their regular visits to Mayfair take on a sort of carnival air because, says Mrs. Martin, "We always have fun shopping together.

"Mayfair is so clean and convenient, and prices are so reasonable we prefer shopping here to anywhere else," they said.

Good Citizenship Awards Made

Good citizenship awards were made Friday evening at the Lemon Grove Junior High when a dance was held for seventh and eighth grade members of the Gold and Green Citizenship Clubs.
